

The Fourth Grade News **January 11 - 15**

Dear Families,

The class has buckled down and is getting back into the routine. I have explained that now fourth grade will move faster and they may experience more homework with unfinished class work needing to be completed. I saw them take the challenge last week pretty well and I am convinced that they are maturing and can take on more responsibility.

Again please take a check of what supplies your child may need. Several students need new theme books for science and history, and some are totally out of paper. Very few students have their own scissors; please make sure your child has a pair.

This week we have several tests since we are coming to the end of the quarter. Please plan in extra study time for science, history, math and reading. Grades close on Friday.

Let`s get going on a great week!

Sincerely,
Mrs. Aram

This week we will focus on :

Spelling – Lesson 16

Math – Problem Solving, Multiplication and Test Preparation

Science – Complete “Systems of Organisms” chapter and Test Preparation

Reading – Island of the Blue Dolphins, Chapter 15 and Test Preparation

History – Test Review and Preparation for the Chapter 11 test
