

The Fourth Grade News

March 15-19

Dear Families,

Sacramento time is here! The class will be excited all week. I will keep them very busy and working hard. Friday will be here before they know it. A last minute details letter is enclosed with this Monday letter. I am excited myself. There is always more to take in, each time I go.

The class has responded well to the changes I have made and they are eager to take on more responsibility. Last week went very well and I know that we will end the year well.

I have enclosed a copy of the mission project assignment expectations. The written work is due on Friday, April 16th, and the model is due Monday, May 10th. I am assigning this project in lieu of the March book report.

Due to the fact that we will be on our trip on Friday, this week's spelling assignment is a special Sacramento list. The test will be on Thursday. There will be no Memory Verse this week.

I am looking forward to being with some of you who are going with us on the trip; it is going to be a great day.

Love,

Mrs. Aram
