Dear Room A Parents...

Here we are, unbelievably, getting ready to Jump into June and Sail into Summer!! We're looking forward to a refreshing holiday weekend and are ready for the "last lap"! We have lots of fun and memorable things planned for the next few weeks but are still seriously pursuing the academics we have worked so hard on all year...putting on the final polish and readiness for our move to First Grade! This week we will continue the

study of our solar system and space. It's been hard finishing off our insect study...we let our hatched butterflies free after watching them go through the life cycle...along with some of the other creatures (not the black widow!!)—so our Busy Bug Zoo is depleting. Our silk worms have all "cocooned" and we're hoping to see them come out before vacation begins!!

On Thursday morning, after first recess, we will be going to First Grade for a fun orientation... being prepared for next year. You will be receiving a note from Mrs. Johnson, as well as some work done in First Grade!! Here's what else we'll be doing this week:

PHONICS, READING, WRITING and COMPUTER

We will continue our reading and seatwork schedule
Review of phonics sounds and sight words
Focus on correct writing—letter formation and spacing
COMPUTER: Final Computer class this week

MATH

Review all math concepts learned this year
